

TECHNICAL FABRIC PROPERTIES

PRODUCT STRUCTURE

■ Windstopper® ■ Microfiber ■ doble layer microfiber

- A Windstopper® Hood, for top wind protection
- Microfiber textile layer; to cover your mouth and nose and breath normally.
- 2 layers microfiber textile; to protect your neck, it creates a natural air layer that provides additional warmth.
- Adjustable drawstring; to adjust it to your head.

* Product protected by utility model and registered community design

Windstopper®-Kapuze, die ideal vor Wind und Kälte schützt.

Microfaser-Lage, die eine problemlose Atmung bietet, auch wenn es über Mund und Nase getragen wird.

Doppellagige Microfaser um den Hals zu schützen. Zwischen den beiden Lagen bildet sich ein natürliches Luftpolster, das zusätzlichen Schutz bietet.

Justierbare Kordel, um die Kopfbedeckung an jede Kopfform anzupassen.

Una novedosa capucha totalmente cortaviento hecha con Windstopper®

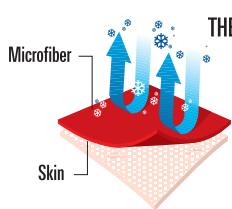

Capa de microfibra que cubre la nariz y la boca.

Una doble capa de microfibra que protege el cuello y crea una capa de aire interna que ofrece una calidez adicional.

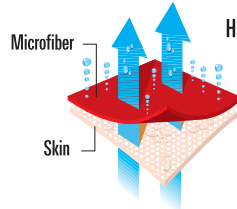

Tira ajustable que permite ajustar la capucha a la cabeza.

CLIMATE COMFORT: ❄️❄️❄️❄️

MICROFIBER

THERMAL

HUMIDITY

POLYGIENE®

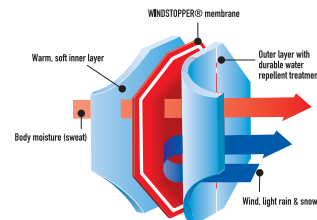

Longer freshness, no unpleasant odours caused by bacteria. Environmentally friendly solution.

Hält länger frisch, keine unangenehme Geruchsentwicklung durch Bakterien. Umweltfreundliche Anwendung.

El tejido se mantiene limpio más tiempo sin desprender los malos olores causados por las bacterias. No perjudica al medio ambiente

* Polygiene is only applied to the microfiber fabric panel of garment. Windstopper membrane does not contain any Polygiene.
